

In My House

Golden Earring

From the Album:

* Winter harvestA-a-a-a-a

In my house

There is anything you need

In my house yeah baby

You don't have to wipe your feet

In my house

You will see that good times come

In my house baby

You will see here I belong

And someday you'll gonna be happy

And someday you wiil feel fine

And someday you'll gonna be happy

And someday you will be mine

In my place darling

There is nobody who cares

By the way you walk

By the way you hang your hair

In my place darling

You will really see the sun

PLease come over to my house

Don't waste time, you'd better run

And someday you'll gonna be happy

And someday you wiil feel fine

And someday you'll gonna be happy

And someday you will be mine
