

# Painted Doll

## The Sorry Kisses

Painted doll, on a painted stage  
Painted doll, on a painted stage  
Shes just a one-man Punch and Judy show  
For caliphs twice her age  
Painted doll, on a painted stage  
The more they look at her  
The less I see  
The more they look at her  
The less I see  
Its a tricky situation when some  
Parasite has got my painted doll  
And shes got me  
Lookin down Sydney Harbour in the rain  
My pretty babys slappin up another vein  
If this is gonna be her final wage  
My heart may never see this world again  
Shes my little sick salome  
And its breakin me in two  
Painted doll  
Ive got a deal for you
