Commitments

Straight Lines

And your mind is split,
Half of you wants to fall but the rest can?t commit, oh no.
This room shares a theme from the front to the back,
Yeah always be lonely.
I hate what you do,
But the saddest part is I?ll wake up next to you.
You say we?re the same,
We?re the movers, the shakers,
The heart breakers yeah.

Always receiving, always deceiving,
You are a friend of mine.

You fell in love once but you didn?t like it,
Wasting your time when all you want is to be you,
Is to be you? my love.
You?re young and wild and running free,
You?re losing yourself but all you got is me to fall on.

And you sit at home,
Half of your friends got married in the fear of dying alone.
No need to confess,
Thank you my dear, take care, good night, god bless.
I hate what you think, you can take a horse to water but you can?t make it drink, oh no,
Come alive in the dark,
Where there is smoke there is fire,
So don?t make a spark.

Always receiving, always deceiving,
You are a friend of mine.

You fell in love once but you didn?t like it,
Wasting your time when all you want is to be you,
Is to be you? my love.
You?re young and wild and running free,
You?re losing yourself but all you got is me to fall on.

And this life has a back door,
An escape route that often comes in use,

Often comes into use.

The shade of the trees is where you plant your needs,
Because nothing ever comes to life.
Safe with these thoughts you dance with denial.
I hope you never come out for me.

And your mind is split,
Half of you wants to fall but the rest can?t commit, oh no.
This room shares a theme from the front to the back,
Yeah always be lonely.

You fell in love once but you didn?t like it,
Wasting your time when all you want is to be you,
Is to be you? my love.
You?re young and wild and running free,
You?re losing yourself but all you got is me to fall on.

You?re young and wild and running free,
You?re losing yourself but all you got is me to fall on.
