I Like to Win

Shonlock

I don't play this game to lose
I live like life on the line
A really pity price was paid for mine
One of a kind, different design
Workin' I'm certain you'll see it in time
I gotta shine so you'll be fine in the night time
Let me lick you up with a life line
Jesus, babies is totin' heaters
The enemy's trying to beat us
Dirty dotted deceivers
Lying spotted the cheetahs
Blood suckin' mosquitoes
Get swatted thought you'd defeat us
Victory is the sweetest
Crunch time buzzer beaters
Under God over achievers
Wanna make you all believe
That's all it takes, that's all you need
Success in every breath as we proceed (we in here yeah yeah)
That's realer than the blood you bleed (we in here yeah yeah we in here)

I hear the hard times hummin'
Can't keep runnin'
'Til the drummer keep drummin'
And if they want something we here, we here
And if there's ever any question you can tell 'em this
Cause I like to win

I like it I I I like it
I I I I like it I I I
Tell 'em this cause I like to win
I like it I I like it
I I I like it I I I

A whole lot of blood sweat and tears
But I won't give up get stuck
Hard luck no luck, gon' fight these fears
You can break my heart pieces in part
My God he gave me His

What ya think this is
Winnin' with the life I live live
Train to work with the pressure of pain
Yeah the hard work works so we work that thang
Bang, that monster gang
Motivated and elevated to bring change
Mane, don't thing it's strange
Haters hated but can't fade us so take aim
This ain't that over nighter
It's that slow burn fire
If you want it you can get it
If you ain't scared to go higher
That's all it takes, that's all you need
Success in every breath as we proceed (we in here yeah yeah)
That's realer than the blood you bleed (we in here yeah yeah we in here)

I hear the hard times hummin'
Can't keep runnin'
'Til the drummer keep drummin'
And if they want something we here, we here
And if there's ever any question you can tell 'em this
Cause I like to win

I like it I I I like it
I I I I like it I I I
Tell 'em this cause I like to win
I like it I I like it
I I I like it I I I
Tell 'em this cause I like to win

And if there's ever any question you can tell 'em this
Cause I like to win

I like it I I I like it
I I I I like it I I I
Tell 'em this cause I like to win
I like it I I like it
I I I like it I I I
Tell 'em this cause I like to win
