

Tamika

Immature

Tamika, oh
I don't wanna wait till tomorrow
'Cause everyday I'm away from you I feel so bad
Oh 'cause I need someone in my life
Lately I don't know if it's wrong or right
All I know is I just don't wanna wait 'til tomorrow 'cause
You mean the world to me Tamika
You are my everything Tamika
You mean the world to me Tamika
You are my everything Tamika
I shouldn't have to wait till tomorrow
I wouldn't hesitate for a yes or no
Why don't you tell me if I could be a part of you?
'Cause I want so much to be o-o-over you
You mean the world to me Tamika
You are my everything Tamika
You mean the world to me Tamika
You are my everything Tamika

They say "The sun'll come out tomorrow
Everybody have ta follow
When ya meet that girl named Tamika
She'll make you beg 'til you borrow
Best friends with the girls but man's best sorrow
We got the sticky sticky yah yah yah
[Incomprehensible] And have to make the people go waian
In Tamika style
You mean the world to me Tamika
You are my everything Tamika
You mean the world to me Tamika
You are my everything Tamika
You mean the world to me Tamika
You are my everything Tamika
You mean the world to me Tamika
You are my everything Tamika
