

# Gypsy Road

Bobby King

I used to be, now I'm not what you see, Lord I try  
And now it seems all those dreams have come true  
But they're passing me by  
Some fast talkin' mama for a dollar put a smile on my face  
I'm drivin' all night, I end up in the same old place  
My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on pushin' 'cause it feels alright  
And who's to care if I grow my hair to the sky  
I'll take a wish and a prayer  
Cross my fingers 'cause I always get by  
Some fast talkin' jerk for a dollar wiped the smile off my face  
I'm drivin' all night just to keep the rat in the race  
My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on pushin' 'cause it feels alright  
Sometimes I feel so old  
Got my lights burnin' bright  
But I'm lookin' pretty sold  
  
Sometimes I feel so cold  
So cold, let's go  
Hang that  
Got to get on home, what time?  
My gypsy road can't take me home  
My gypsy road can't take me home  
Take me  
My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on pushin' 'cause it feels alright  
My gypsy road can't take me home  
I drive all night just to see the light  
My gypsy road can't take me home  
I keep on pushin'  
My gypsy road  
My gypsy road

My gypsy road  
My gypsy road
