

# Miss Out

## Blush

It was may 13th when you told me to wait eh  
You were so confused so you needed your space eh  
Now your dating Amy and  
Too funny everyday  
I don't know what kind of games you play babyChorus:  
But your gonna miss out, miss out, miss out on me  
Cause I'm not waiting no, I'm not waiting  
Your gonna miss out, miss out miss out on me  
Cause I'm not waiting no, I'm not waiting for you  
So don't come running back no  
I'm through with all of that you  
I'll never take you back no  
Sorry but your gonna miss out, miss out miss out on me  
Cause I'm not waiting no I'm not waiting for youEver since you left I found this brand new chick, oh  
That is through your lies and won't put up with your shit, no!  
So you can come back to Amy and  
Too funny everyday  
I don't know what kind of games you play babyChorus:  
But your gonna miss out, miss out, miss out on me  
Cause I'm not waiting no, I'm not waiting  
Your gonna miss out, miss out miss out on me  
Cause I'm not waiting no, I'm not waiting for you  
So don't come running back no  
I'm through with all of that you  
I'll never take you back no  
Sorry but your gonna miss out, miss out miss out on me  
Cause I'm not waiting no I'm not waiting for youYou made the biggest mistake  
When you decided to break my heart  
For the dumbest reason in the world  
So just remember this lips you'll never taste them again  
I hope you know you'll never find another girl  
No, no!Chorus:  
But your gonna miss out, miss out, miss out on me  
Cause I'm not waiting no, I'm not waiting  
Your gonna miss out, miss out miss out on me  
Cause I'm not waiting no, I'm not waiting for you  
So don't come running back no  
I'm through with all of that you  
I'll never take you back no

Sorry but your gonna miss out, miss out miss out on me  
Cause I'm not waiting no I'm not waiting for you
