Lose Myself

Swv

I can lose myself in all the freakin' we can do
I don't want nobody else because my body's wanting you
Gotta have you, gotta touch you
I just lose my self control in all the freakin' we can do
Something 'bout you, got me feelin' like you know
I'm willing to do anythang to please you
Got me open river's flowin' slowly
You go deep inside my, body hold me tight 'cause I can lose
I can lose myself in all the freakin' we can do
I don't want nobody else because my body's wanting you
Gotta have you, gotta touch you
I just lose my self control in all the freakin' we can do
Chocolate, kisses, melting in your mouth
And on your fingers, licking, good and plenty love
Love it when you give it all night
All night just right, I can't go one day without knowing
You're here to hold my body tight 'cause I lose
I can lose myself in all the freakin' we can do
I don't want nobody else because my body's wanting you
Gotta have you, gotta touch you
I just lose my self control in all the freakin' we can do
I can lose myself in all the freakin' we can do
I don't want nobody else because my body's wanting you
Gotta have you, gotta touch you
I just lose my self control in all the freakin' we can do
No matter what you're doin' you turn me on
I lose my self control and my mind is gone
Can't nobody come and hold me
I belong to you and you own me
And every time I see you make me sweat
Thinkin' 'bout the love I'm gonna get
I give myself to you and no one else
Hold me baby, love me baby, make me scream
I can lose myself in all the freakin' we can do
I don't want nobody else because my body's wanting you
Gotta have you, gotta touch you
I just lose my self control in all the freakin' we can do
I can lose myself in all the freakin' we can do
I don't want nobody else because my body's wanting you

Gotta have you, gotta touch you
I just lose my self control in all the freakin' we can do
I can lose myself in all the freakin' we can do
I don't want nobody else because my
