Fill A Heart

Tori Kelly

There so many lives
Struggling to find
Just a little bit more
Trying to provide
Barely getting by
Could be right next door
No one should be left alone in the dark
With love, fill a broken heart
I know we can make the world better
If we come together
You gotta believe that
We can change the outcome
If we join in
reach out a hand
All it takes is someone
Stepping forward and make it a stand
you and I, is where it start
You and I can be a part
Feed a soul
Fill a heart
Feed A soul
Fill a Heart
You fell like giving up
Doubts are growing but you
Gotta keep on somehow
Hear the sound of hope
Let everybody know
We have the power to turn this around
No one should be left alone in the dark
With Love, fill a broken heart
I know we can make the world better

If we come together
You gotta believe that
We can change the outcome
If we join in
Reach out a hand
All it takes is someone
Stepping forward and make it a stand

You and I, is where it start
You and I can be a part
Feed a soul
Fill a heart
Feed a soul
Fill a Heart
Hear the sound of hope
Let everybody know
(Let everybody know)
we can change the outcome
If we join in
So reach out a hand
All it takes is someone
Stepping forward so lets make a stand
We can change the outcome
If we join in
And Reach out a hand
All it takes is someone
Stepping forward and make it a stand
You and I, is where it start (Feed a soul, Fill a Heart)
You and I can be a part (Feed a Soul, Fill a Heart)
No need to look very far
Right here is where it start (Feed a soul, Fill a heart)
Feed a soul
Fill a heart
