Let It Go

Us5

[Richie:]I was thinkin' bout the things you said
I admit that I was wrong
Maybe if you told me how to make
What I did undone
[Mikel:]Twenty nights apart, that's what we are
And I'm dyin'in my sleep
Happy days, they seem so far away
Can I come back home
[Chorus:]You told me you loved me, but now it's all history
I'm bleedin' so badly, I just gotta let it go
I thought that I was your friend, but now you're with someone else
Let it go, let it go
[Jay:]Now I'm lyin'in my bed at night
With your picture in my hand
Reminiscin' back to when we were
More than just good friends

[Chris:]Does he make you feel the way I did
Does he care the way I cared
Precious love is just so hard to find
Why are you not here?
[Chorus:]You told me you loved me, but now it's all history
I'm blledin' so badly, I just gotta let it go
I thought that I was your friend, but now
You're with someone else
Let it go, let it go
[C-Part:]I don't understand why you left me all alone
And I can't sleep at night
My heart's on the floor, don't want this no more
I need you back in my life, baby
[Fade:](da, da, da)
[Chorus 2x]
