

World Go 'Round

Rogue Traders

Just gimme a reason
And any one will do
And I'll stay tonight
If you want me to I'm not really that type of girl
But you're my type of guy
Come a little closer, darlin'
And I'll show you why (You're so good)
You make my world go around
You make my world go around
Gotta make my world turn around
'Round, 'round (You're so good)
You make my world go around
You make my world go around
Gotta make my world turn around
'Round, 'round
(You're so good) Just tell me a story
And anyone will do
I can make it happen
If you want me to I can be any type of girl
But you're my type of guy
I can feel us turning, baby
Filling up the sky (You're so good)
You make my world go around
You make my world go around
Gotta make my world turn around
'Round, 'round (You're so good)
You make my world go around
You make my world go around
Gotta make my world turn around
'Round, 'round
(You're so good) You make my world go around 'Round, 'round, 'round
'Round, 'round, 'round
'Round, 'round, 'round (You're so good)
You make my world go around
You make my world go around
Gotta make my world turn around
'Round, 'round (You're so good)
You make my world go around
You make my world go around

Gotta make my world turn around
'Round, 'round
(You're so good)
