

# Big Guitar

## BlackHawk

Hey now boys, take a look at right here  
Only one comes 'round every million years  
She's a midnight rider on a shooting star  
Makes the whole world ring like a big guitar  
Well she flagged me down with the devil's sway  
It was somewhere down that lost highway  
She's a lifeboat on the raging sea  
She's the high note in the harmony  
She takes away my pain and sorrow  
Loves me like there's no tomorrow  
This, I can't resist  
In my life I realized  
I have never known a sweeter kiss  
Honey, what I missed  
Got a piece of heaven right here on earth  
And believe me I know what it's worth  
She's an island dream on a rainy day  
She's a Desperado's hideaway
