Up N Down

SPICA (ìŠ¤íˆ¼ì¹´)

[Verse 1: Oktane]I say, baby, we been talkin' for a while & I don't know how to say all of this, so I'm a take my time
See it's a touchy subject I'm bout to explain, & speakin' of touch
I'm startin' to think it's time for me & you to do exactly what we came for
I heard a lot of talkin', so baby what you waitin' for
We here face to face, lookin eye to eye
I'm a take you to a place that's only meant for you & I
She said why & I said
I just wanna touch your body & let you know exactly how it feels to be in my arms
'cause girl you gon' feel my body with your body
And you'll see how that feels you won't wanna go home 'cause they say
[Chorus: Oktane]They say it's wrong, but you feelin' right & baby if you want you can spend the night
I'm a show you that I'm grown, I'm a show you that I'm grown girl
So baby turn your phone off I'm a dim the lights
You wanna see if I can do it right & we can find out alone, we can find out alone girl
When I start to go up, down, up, down, up, down, up
When we go up, down, up, down, (yeah) up, down, (look) up, down
[Verse 2: Price]Now that we're alone girl we can do what you like to

Nibble on you earlobe trust I won't bite you
I don't need distractions let me do what I do
And if you need directions baby let me guide you
Cause your body's in my hands trust me I can handle
I'm a make it dark & I'm a light up a candle
So if you wanna preview I'm a make a show
Just put me in the driver seat & I'm a take control
[Chorus: Oktane]They say it's wrong, but you feelin' right & baby if you want you can spend the night
I'm a show you that I'm grown, I'm a show you that I'm grown girl
So baby turn your phone off I'm a dim the lights
You wanna see if I can do it right & we can find out alone, we can find out alone girl
When I start to go up, down, up, down, up, down, up
When we go up, down, up, down, up, down, up, down
[Oktane:]I'm lookin' for a lady that's ready to come home with me
I'm lookin' for a lady that's ready to come home with me
I said I'm lookin' for a lady that's ready to come home with me
Baby we can go up, (up & down) down, up, (up & down) down, up, (up & down) down, up, (up &, up &, up & down) when we go, up, (up & down) down, up, down
Baby we can go up, (up & down) down, up, (up & down) down, up, (up & down) down, up, (up &, up &, up & down) when we go, up, (up & down) down, up, down
