

I Will Follow Him

André Rieu

I will follow him, follow him wherever he may go
There isn't an ocean too deep
A mountain so high it can keep me away

I must follow him
Ever since he touched my hand I knew
That near him I always must be
And nothing can keep him from me
He is my destiny

I love him, I love him, I love him
And where he goes I'll follow, forever, and ever
And side by side together
I'll be with my true love
And share a thousand sunsets together beside him

I will follow him, follow him wherever he may go
There isn't an ocean too deep
A mountain so high it can keep, keep me away
Away from my love

I love him, I love him, I love him
And where he goes I'll follow, forever, and ever
And side by side together
I'll be with my true love
And share a thousand sunsets together beside him

I will follow him, follow him wherever he may go
There isn't an ocean too deep
A mountain so high it can keep, keep me away
Away from my love
