[announcer voice]
profit five factory programs january 1982 file one Years gone by
Locked up in those neon eyes
Yeah i'm watching em watch the sky
Red eye red magnetic all the time Sha la la sha la la sha la la
Sha la la sha la la [2x] Standing there
Like a hologram in air
Talking like yeah yeah yeah
Electric on the dial everywhere
And i try to pretend that the moment's here
Close my eyes in the dark hear the sound of dreams
Just like that you were back you were here with me
And i know cause i hear
And i know
(Sha la la sha la la sha la la)
Even now
(Sha la la sha la la)
It's something I can't live without
(Woaah)

And i know cause i hear
And i know
(Sha la la sha la la sha la la)
