

Maiden

Vic Chesnutt

Dogs are barking, birds are chirping
The only thing better if I was squirting
But there's no one here to love on me today For the maiden's on holiday
For the maiden's on holiday I'm a sorry, sorry knight in a horrible castle
Hoping to avoid certain societal hassles
And I know what they say, but I ain't made of clay For the maiden's on holiday
Yeah, the maiden's on holiday I ain't nothing but chivalrous
Ain't never been nothing nasty between us
She knows where she stands on the heart of a broken man She's gonna be bad no matter what
So I might as well go on ahead and act like a butt
Any ol' way, yeah, I'm still gonna pay For the maiden's on holiday
Yeah, the maiden's on holiday
