

# Cables

## Big Black

Well, I don't know why we come here  
Guess I just needed the bang  
We walk in the beef, and then we pull on the rope  
And then the, then the hammer comes down

Cables

Cables

Cables

So I guess they know  
I'm not no company man  
But I can pull on a rope, I can kill a cow  
Fast as any other fucker can
