

# Some Days

## The Maine

Some days feel alone, on your own, like a rolling stone  
A perfect waste of a perfect day  
Some days feel like chores, you get more than you bargain for  
And every play for wonder on the take  
I hate to say I told you so, but I just thought I'd let you know Some days, they taste like lemonayayayaayade -  
ayayayayade  
Some days, can feel like razorblayaayaayayades - ayayayayades  
I wish I could float awayay, some days  
(some days)Some days smell like spring, birds they sing, jasmine's blossoming  
And everything, oh it's everything  
Some times things can seem evergreen, like the TV screen  
Reality, it's reality  
I hate to say I told you so, but I just thought I'd let you know Some days, they taste like lemonayayayaayade -  
ayayayayade  
Some days, can feel like razorblayaayaayayades - ayayayayades  
I wish I could float awayay, some days  
I wish that I could float awayyyayay!(Guitar)  
Float awayay  
I wish I could float awayay  
Oooo oooo Ooooo  
I hate to say I told you so Some days, they taste like lemonayayayaayade - ayayayayade  
Some days, can feel like razorblayaayaayayades - ayayayayades  
I wish that I could float awayyyayay!
