Possession

Wet Wet Wet

If there's anything that you want
If there's anything that you need
And there's no need to be evasive
Money talks and it's persuasive, yeahPossession
Possession
PossessionNow you're sending me your best wishes, Lord
Signed with love and vicious kisses
And you lack lust, you're so lackluster
Is all the strength that you can muster, yeahPossession
Possession
PossessionAnd even when we are out of touch
And now I know that I've seen too much
Seen too much, yeahNow I see us lying back to back, yeah
My case is closed my case is packed
I'll get out before the violence
Or the tears or the silence, yeahPossession, y'all Lord
Possession, ah, ah, ah, oh
Possession
Possession
