Nightbird

The Brian Jonestown Massacre

I don't know what to do, laugh or cry
Opened my eyes and said "Goodbye"
Wake up and come back to bed
Or think of something that I should have said
I went asleep and closed my eyes
I spread my wings and started to fly
As I've ever been warned for a long goodbye
A cool cool breeze goes through my mindShe do believe in the good for the bad
When the live you live is so damn sad
So what to believe if I show the way
Threw up my hands I'm done today
