I Could Be Persuaded

Bering Strait

I could be persuaded
To give my heart to you
If you promise not to break it
'Cause that's so easy to doYou could be the answer
To every prayer I've prayed
So keep on doin' what you do
'Cause I could be persuadedIf just one kiss makes me feel like this
I know there's a chance we can make it
If you want this dance, offer me your hand
Chances are good that I'll take it'Cause I could be persuaded
To give my life to you
I know it's crazy, baby, we were meant to be
And I could be persuaded
