That's No Way To Get To Heaven

Guster

One half of me is still shakin'
The other half is still waitin' for a lover
Walk down the water slide
Look in my eyes, show me a sign
Some people swim in the grave end
I'm sittin' here and I'm waitin' for a lover
Come down through the other side
Look in my eyes, tell me you're mine
After the cut then comes the blood
Falls to the dirt, turns into mud
From this soil we'll grow together
That's no way to get to heaven
And everyone thinks it's crazy
Sittin' here and are waitin' for a lover
Step down the water slide
Look in my eyes, tell me you're mine
After the cut then comes the blood
Falls to the dirt, turns into mud
From this soil we'll grow together
That's no way to get to heaven
