Little By Little

Troy Olsen

Black leather gloves and your lipstick shines
Bright as moonlight glows
My wildest rose cuts so fine and deep
It hurts but never shows
You're bad, you're so hardcore
Pull me down here on the killing floor
Little by little we cross the line, ohh, ohh
Little by little the ties that bind, oho, ohh
Little by little by little by little, ohh, ohh
Little by little tonight
Your sugar tongue speaks hot and sweet
Lying just for fun
Push and shove, sex is sex
But honey love is love
Oh, we're not sick insane
But just another lovers game
Little by little we cross the line, ohh, ohh
Little by little the ties that bind, oho, ohh
Little by little by little by little, ohh, ohh
Little by little tonight

I'm all undone, my pretty one
Don't slap my face, unless you kiss me
Little by little we cross the line
Little by little the ties that bind
Little by little by little by little
Little by little tonight
I hear you beg and you cry for more
You pull me down here on the killing floor
Little by little we cross the line, ohh, ohh
Little by little the ties that bind, oho, ohh
Little by little by little by little, ohh, ohh
Little by little tonight
Little by little we cross the line, ohh, ohh
Little by little the ties that bind, oho, ohh
Little by little by little by little, ohh, ohh
Little by little tonight
Little by little we cross the line, ohh, ohh
Little by little the ties that bind, oho, ohh

Little by little by little by little, ohh, ohh
Little by little tonight
