

Little By Little

Troy Olsen

Black leather gloves and your lipstick shines

Bright as moonlight glows

My wildest rose cuts so fine and deep

It hurts but never shows

You're bad, you're so hardcore

Pull me down here on the killing floor

Little by little we cross the line, ohh, ohh

Little by little the ties that bind, oho, ohh

Little by little by little by little, ohh, ohh

Little by little tonight

Your sugar tongue speaks hot and sweet

Lying just for fun

Push and shove, sex is sex

But honey love is love

Oh, we're not sick insane

But just another lovers game

Little by little we cross the line, ohh, ohh

Little by little the ties that bind, oho, ohh

Little by little by little by little, ohh, ohh

Little by little tonight

I'm all undone, my pretty one

Don't slap my face, unless you kiss me

Little by little we cross the line

Little by little the ties that bind

Little by little by little by little

Little by little tonight

I hear you beg and you cry for more

You pull me down here on the killing floor

Little by little we cross the line, ohh, ohh

Little by little the ties that bind, oho, ohh

Little by little by little by little, ohh, ohh

Little by little tonight

Little by little we cross the line, ohh, ohh

Little by little the ties that bind, oho, ohh

Little by little by little by little, ohh, ohh

Little by little tonight

Little by little we cross the line, ohh, ohh

Little by little the ties that bind, oho, ohh

Little by little by little by little, ohh, ohh
Little by little tonight
