

Speak Out Reach Out

Johnny Marr

Sophisticated minds
You are your country
 Situated in a line
 In my city
In a forgotten dream
 I can't wake up
 Thank you mama
 Her Majesty
 Hey ! hey ! hey !
The dream becoming reality
 All the daySo ...Reach out
 To somebody's God
 Cos what you take
 Is what you give
 Reach out
 To get what you want
 Cos what it takes
Is all there isMy mind it flies
 And it alights
 On the panes
Every night I'm getting high
 In the doorway
 The situation's sublime
 Lets face it
Taking from the deaf and the blind
 Hey ! hey ' hey !
At home in a hole in the ground
 All the daySo ...Reach out
 To somebody's god
 Cos what you take
 Is what you give
 Speak out
 Get what you want
 Cos what it takes
Is all there isI'm strung and wound
 Beyond all the harmony
 And when I die I'm gonna fly
 Economy
 My dream's a reality always

Thank our mama Her Majesty
Hey ! hey ! hey !
Sleep under falling leaves
All the daySo ...Reach out
To someone you love
Cos what you take
Is what you give
Reach out
To somebody you love
'Cos all you've got
Is all there is
Speak out
To someone you love
Cos what you take
Is all there is
