

The Troll

Cirith Ungol

Hides under a bridge,
Where he can't be seen.
Huddled under a bankside,
Staring into a stream.
Wanna cross this bridge,
Well better be aware.
There is a brown hairy troll,
Gonna give you a scare. Yea, I'm the troll,
This is my bridge,
Go turn around,
Back through the ridge.
Yea, I 'm the troll,
Don't you even dare,
Yea, I'm the troll,
Gonna get you there, Monster from beneath.
Bastard of grief,
Such a sad sigh,
Does he wanna die?
In a mind of fear,
The troll lives in my mind.
I must forget this fear of regret. The Troll
