

The Plane Song

Storm Deisel

(Chorus)

someone turn this plane around so i can put my arms around my #1 baby girl,
turn this plane around cause i can't live my life without my #1 baby girl.(Verse 1)
i just couldn't let go cause i remember all those memories and how we used to be.
i get confused and it shows but if you'll let me love you and you'll trust me girl i'll keep you close.
for what it's worth it's worth it, and i just can't walk away.

and i know i should stay,
i won't find another women like you,
turn this plane around i'm in love.(Chorus)

someone turn this plane around so i can put my arms around my #1 baby girl,
turn this plane around cause i can't live my life without my #1 baby girl.(Verse 2)
i know i shouldn't go help me understand what i'm feeling, it's tearing me up inside.

your the only one i know,
that in me your still believing,
i can see it in the tears you cry.
for what it's worth it's worth it,
and i just can't walk away and we both know that i should stay i won't find another like you,
turn this plane around i'm in love.
