

# Hit or Miss

## Down By Law

So you want to become a hero  
Stop the world, become a hero  
You just can't find one anywhere  
You can't find one anywhereSo you're thinking you're a victim  
Stop the world, become a victim  
Well, you can find one anywhere  
You can find one everywhereLife's just a hit or miss  
Well, all the time, just a hit or miss  
Well, sometimes you take a swing and miss  
You take a swing and miss  
Well, sometimes we take a swing and hitNow you're thinking about the future  
Can you tell me, where is the future?  
You just can't see one anywhere  
You can't see it anywhereWe need to find us a hero  
Can you tell me, where are the heroes?  
Hey! Who can clean up everywhere  
Hey G.I. Joe, where are you now?Life's just a hit or miss  
Well, all the time, just a hit or miss  
Sometimes you take a swing and miss  
We take a swing and miss  
Well, sometimes we take a swing and hitWell if I could count the times  
That I looked up to the sky  
And asked someone to save me  
To save meLife's just a hit or miss  
Well, all the time, just a hit or miss  
Well, sometimes you take a swing and miss  
We take a swing and miss  
Well, sometimes  
We take a swing and hit, yeah!
