Inside My Head

Disbelief

a moment of silence
where i can calm down
is totally different
to how i feel nowa moment of silence
where i can calm down
is totally different
to how i feel nowinsanity's outside
it knocks on my door
thoughts run in circles
those i'm living for
people are wondering
how i behave
they can't see the inner
wish to give them a viewINSIDE MY HEAD
a moment of silence
where i can calm down
INSIDE MY HEAD
is totally different
to how i feel now
INSIDE MY HEAD
a moment of silence
where i can calm down
INSIDE MY HEAD
is totally different
to how i feel nowmy heart is bleeding
after the attack
i cannot recover
feel like a wreck
next crash is coming
i have to go on
i'm running for cover
there's only one way, one way...
there's only one wayINSIDE MY HEAD
a moment of silence
where i can calm down
INSIDE MY HEAD
is totally different
to how i feel now
INSIDE MY HEAD

a moment of silencewhere i can calm down
INSIDE MY HEAD
is totally different
to how i feel nowa moment of silence
where i can calm down
INSIDE MY HEAD
is totally different
to how i feel nowto how i feel now
to how i feel now
to how i feel now...
