Out Of The Cold

Amos Lee

Yes, I dug you in a bulletproof vest
'Cause you can't walk straight with a bullet in your chest
Another man down with a flag to fold
It takes a lot of lovin' comin' out of the cold[Incomprehensible] never want to see you cry
And not the same can be said for his brand new bride
Inspired love with no hand to hold
It takes a lot of lovin' comin' out of the cold
It takes a lot of lovin' comin' out of the coldLookin' at the pictures upon the shelf
Feel I'm in a shadow, feeling sad
22 years, still you feel so old
It takes a lot of lovin' comin' out of the cold
It takes a lot of lovin' comin' out of the coldIt takes a lot of lovin' comin' out of the cold
It takes a lot of lovin' comin' out of the cold
