## Black Lips

Mirror mirror on the wall  
Who's the greatest of them all  
My man, Muhammad, Boy Jesus too  
Who's Messiah be good for you Cause I came I saw  
I conquered all  
All ya'll, all ya'll, all ya'll People look towards Mecca's way  
Sistine Cahpel people pray  
It don't matter what you do  
Holy World War will come for you
