

# Don't Stop

## The Outhere Brothers

Don't stop trying, there's always reason to go on living  
I'm living as long as you can breathe  
Stay clear of extremes, just say what you mean  
But try not to be mean You should say thank you often like your hair  
Wave to strangers everywhere  
Do what you're supposed to do  
Don't look at what the others do Thing before you buy a car  
Don't marry someone you met at a bar  
There's no such thing as going too far  
Love who you are Don't be scared of what's ahead  
But wear the helmet to protect your head  
Be aware, say you care, don't say fair  
Stay close to the hand that raised you Watch for signs  
Never waste expensive wine  
Spoil your body, spoil yourself  
Never cheat and share your wealth Sing when you're glad  
Close the door if you sound bad  
Don't believe a man who knows he's right  
Don't skip ahead, enjoy your flight Be nice to your dog, drive slow in the fog  
Convince yourself to write a song  
Change clothes everyday, call ahead when you're late  
Be safe when you're planning to get laid Read what you like  
Be on your brother's side  
It's okay to wonder why  
But don't expect to understand your life Don't expect to understand your life  
Don't expect to understand your life  
Don't expect to understand your life
