

Heaven's Calling

Black Veil Brides

I am the heartache
You built by your deception
A blind leap of faith
Despair for passing seasons

Sink in anger, fountains forming
Spills like thunder to what we're holding
Sleep forever now my darling
I won't dwell on Heaven's calling

Drive into the stake
Secrets of his compassion
A perfect escape
Like hell you'll list your reasons

Sink in anger, fountains forming
Spills like thunder to what we're holding
Sleep forever now my darling
I won't dwell on Heaven's calling

Sink in anger, fountains forming
Spills like thunder to what we're holding
Sleep forever now my darling
I won't dwell on Heaven's calling
