Actin Up

Asher Roth

[Hook: Asher Roth]
Bass loud, hands up, I don't really give a fuck
They say I ain't old enough but I be young and acting up
Acting, acting up
Acting, acting up
They say I ain't old enough but I be young and acting upGo go [x4][Verse 1: Asher Roth]
Here I go
Yeah yo, what's the scenario?
Can't understand, what you staring for?
Like you've never seen a white boy dance before, but
Damn she fine
That's one chick I can stand behind
Play in my field like a dandelion
Put it all on 'til you can't decide
What's it gon' be?
You, me, her, her, her, you, me
Girl, go beserk, gotta beat 'em with a tree
Go ahead, fall back, [?] boy gon' breathe
Ease off, back up, I'm about to act up
Floating, sipping, having fun, cause I be young and acting up
Acting, acting up
Acting, acting up
They say I ain't old enough but I be young and acting up[Hook: Asher Roth][Verse 2: Rye Rye]
So I walked in the club with a dope hairdo
Checking my fresh, everything brand new
Sexy old dude, saying "who's you?"
You do me, and I'm a do you
What what, what you talkin about with it
Man fall back, I'm just chillin'
Hate when they check for a bad-bad bitch
Gotta have respect for my bad habits,
P-p, now pass me the tree
I'm a get wild, I'm a nail you to me
Pull out the camera and shoot me a links
Cause I'm a act up, sweetie pie, what you think?
Go insane in the membrane, [?]
[?] slang, come and hang with a real name
[?]
Badder than a m-, MJ level

Face down, ass up, skinnys on, dirty Chucks
Showing off, I'm a swag it up
Good girl gone bad, grab my bud[Hook: Asher Roth][Verse 3: Justin Bieber]
19 year old and I gotta act up
Cause I'm so so fly, yeah I'm so fly
And I don't know why, really know I, go so wow, till the bass goes oh my
Oh I, I gotta slow it down
Yeah I'm on the loose, and I won't stop now
Cause I go so loud, and I go so wow
So you better watch out cause I'm oh so ahh
I'm on some risky business
I like women and French kisses
Mama told do the dishes but I'm here catching fishes
Cause I'm still young and acting up
Girls on my mind, so I still mack up
They see the money, see the money, rack up, till the walls dark green, cause I'm stacking up
Bass loud, hands up, I don't really give a fu-
They say I ain't old enough but I be young and acting up
Acting, acting up
Acting, acting up
They say I ain't old enough but I be young and acting up[Verse 4: Chris Brown]
Yikes, I guess I'm macking up
I'm about to go in, let me wrap it up
Young old school like Gallagher
But I'm a call these shots, caliber
What it is JB, my Ray-Bans in my jacket might give you rabies
My chain heavy, give it to the ladies
Hold up, hold up, watch 'em go crazy
Chilling with Asher Roth
Girls let me touch, cause their ass is soft
Yes I'm a score with them basketballs
She gon' give it up, I don't pass at all
My crew neck match my two-step
I just had group sex on my new jet
So many pretty girl, I'm like "who's next?"
So drunk all my white friends like, "Do it!"
Jeans off, back up, I'm about to act up
Smoking, drinking, having fun, cause I be young and acting up
Acting, acting up
Acting, acting up
They say I ain't old enough but I be young and acting up[Hook: Asher Roth]
