

# All of Myself

## JPNSGRLS

Oh, thereâ€™s nothing I want more than you  
Why the hell would I choose solitude?

When I,  
I really wanna follow you home

Oh,  
Iâ€™m not considered confident  
And calm  
Is something Iâ€™ve never been at all  
Could you fuck away my emptiness?  
Could you try?

I wanna watch you watching TV  
From your fire escape  
In my hoody  
Iâ€™d give you all of myself  
Iâ€™d give you all of myself

Oh, I fought five men in the street for you,  
Oh  
And I lost a couple teeth for you  
If memory serves  
I am a servant to your memories,  
Oh I better be

I wanna bathe you in honey  
And hear your girlfriends say youâ€™re lucky  
That you get all of myself  
Iâ€™d give you all of myself  
Iâ€™d give you all, all of myself.

I wanna watch you, watching TV  
From your fire escape  
In my hoody  
Because who needs confidence  
When you sighin on the abyss  
Because Iâ€™m a force of nature  
At least on paper  
And Iâ€™d give you all of myself
