

No Better Shoulder

KT Tunstall

There's no better shoulder
There's no finer place
But one word of warning
You'll never be replaced
There's no better shoulder
There's no finer place
But one word of warning
You'll never be replaced
No
Never be replaced
No
Never be replaced
There's no better shoulder
There's no finer place
But one word of warning
You'll never be replaced
No
There's no better shoulder
There's no finer place
But one word of warning
You'll never be replaced
Never be replaced
Never be replaced
