

Time After Time

Labyrinth

Father, please, take care of my soul
Maybe I won't be so strong
Time has come for me to close my wings
And pay for my Mortal sin You, don't try to stop the Pain that rides
Into my veins inside
It's like a river flowing straight
Fulfilled of Hate Time after time
But what has left behind?
Nothing else than lies
All this long time got me to find
They sealed my Heaven Denied Stop this Hatred burning in my head
Now I'd need to forget You don't try to stop the Pain that rides
Into my veins inside
It's like a river flowing straight
Fulfilled of hate Time after time
But what has left behind?
Nothing else than lies
All this long time got me to find
They sealed my Heaven Denied Time after time tonight
We can finally see the light
It's light of love calling me
Am I dreaming, is it real?
No more lies Time after time
