

# Don't Turn Away

## Whitesnake

You say your dreams are burned to ashes  
And all your smiles have turned to tears  
It seems to me you welcome sadness  
As you surrender to your fears So what's a man like me supposed to do  
When all I want is just to make love to you Don't turn away, before the night is over  
Don't turn away, before the night is gone  
Don't turn away, the night may hold the answer  
So don't turn away, before the night  
Before the night is gone You say your heart is lost forever  
And you're always gonna give your love in vain  
So you paint yourself a lonely portrait  
And hide your love away again You turn away from what you feel inside  
You can't forget all your foolish pride Don't turn away, before the night is over  
Don't turn away, before the night is gone  
Don't turn away, the night may hold the answer  
So don't turn away, before the night is gone So now I'm asking you this question  
Am I gonna give you all my love in vain  
Do you wanna drown in your own sorrow  
Or are you gonna try to love again Don't turn away from what you feel inside  
You should try to forget about all your foolish pride Don't turn away, before the night is over  
Don't turn away, before the night is gone  
Don't turn away, the night may hold the answer  
So don't turn away, before the night, before the night  
Before the night is gone Don't turn away from me baby  
No no no no  
Don't push me away  
Don't walk away from me darling  
I need your love, oh baby  
I need your love to rescue me  
And I'm coming for you, baby
