

Small People

Ziggy Marley & The Melody Makers

Yea children Small people one day will get big
And those who they call minority
Are most of the people that you see?
Don't you ever abuse humble man? Don't be afraid to wake up
Don't be afraid to wake up
Don't be afraid of another day
Iya get ready, oh yeah Walking down the street
Can't afford to rest my feet
I just can't agree with my environment
I would like to see what can be done about it
Hey, I'm not afraid to wake up
I'm not afraid to wake up
No I'm not afraid of another day
I am ready, oh yeah Mmh, mmh, mmh
Woe, woe, woo, woe
Mmh, mmh, mmh
Woe, woe, woo, woe Living in this time
Got so much things on my mind
Living in this world
I can't afford to lose control Speak up for your right
Expect it going be a fight
Better a free man than a slave
Better a real man any day
What did you say?
Mi never hear what you say
Little while ago
People get ready, oh hey A suh wi like, a suh wi like it Small people one day will get big
Those they call minority
Most of the people that you see
Don't you ever abuse, not one humble man Small people must get big
Small people they must get big
Small people one day must get big
Small people oh make the world go round Come make the world go round
Oh, make the world go round
Lord, make the world go round, round Struggle all small people
Put your best shot
Give it your best shot
Lick it while it hot I'm gonna hit you with music
Hit you with music

I'm gonna hit you with music
Hit you with music I'm gonna hit you with music
Hit you with music
I'm gonna hit you with music
Hit you with music I'm gonna hit you with music
Welcome all small people
