Talk Of The Town

Mxpx

I've seen you come around
It's not what I expected
I guess I must have known all along
I'd always be rejected
Now I see who's for real for twice in my life
At least I got a direction in my life
And I'm not pinned down, 'cuz I know what I want
And I know how to get there
No one's gonna tell me what to do or what I've done

Now I see who's for real for twice in my life
(For twice in my life)
At least I got a direction in my life
(In My life)
And I'm not pinned down 'cuz I know what I want
And I know how to get there
(Know how to get there)
No one's gonna tell me what to do or what I've done
