

Oxidize

Wilt

Telepathic, social addicts
Interactive to the masses
Left to our defenses as we change the colours
Turn the grey skies back to blue againOxidize
Oxidize
Parasites the size of my eyes
Oxidize
We oxidizeTelescopic, pornographic
All invited, design the habits
Left to our defenses as we change the colours
Turn the grey skies back to blue againOxidize
Oxidize
Parasites the size of my eyes
Oxidize
We oxidizeSurviveLeft to our defenses as we change the colours
Turn the grey skies back to blue againOxidize
Oxidize
Parasites the size of my eyes
Oxidize
We oxidize
Parasite the size of my eyesOxidize
We oxidize
Oxidize
