Baby Go Round

The Muffs

Can you see her now? Is it true he's slowing her down
Is she all upset when her baby's running around
Doing all okay for a girl whose soulmate is doubt
And she can't believe it's true, baby go roundAnd I know he's with her every single day
Doin' everything she can to turn the other way
And she'll call him up, and she'll call him up
And she'll call him up, baby go round
Baby go round, baby go roundAny time of day, she'll never know, he'll never say
The only thing she knows for sure, baby go roundAnd I know he's with her every single day
Doin' everything she can to turn the other way
And she'll call him up, and she'll call him up
And she'll call him up, baby go round
Baby go round, baby go round
