Come Around With Me

Bernhoft

(Come on, little baby, yeah)
Come around, come around with me
Come around, come around with meStop right there, brother
Halt your sweet self for a minute now
No one said one word about letting go, so slow down, slow down
I'm still searching for timber, but everyone gets on board with me now
When this boat sets sail, I'll make sure you'll make the count, whoohoohoohoohoo
But for now, you smash your head against the docks again
Much like you always do
I'll be there with a coat when the rain falls on youCome around, come around with me (Come around with me now)
Come around, come around with me (Come around with me, yeah)
Come around, come around with me (Come around with me)
Come around, come around with meDon't take so long, sister
Don't take too long to gimme a call
I might fly like a bee, but there's always time to hang around with you
Don't stand in the doorway, there's a place for you right here in my hive
When the season starts we'll get right down to the honey pie, whoohoohoohoohoo
But for now, you get stung when you lay down again
I'll invent a potion to ease the pain
You, you spill the beans, I'll wash off the stains
It's gonna hurt but it won't top the gain, my friendCome around, come around with me (Come around with me now)
Come around, come around with me (Come around with me, yeah)
Come around, come around with me (Come around with me)
Come around, come around with me (Come around, come around)See you standing all alone / Come around with me
You feel you can't pay back / Come around, come around
All the love that you feel you owe / Come around with me
You feel you can't pay back / Come around, come around
