Blessthefall

We are the saints.
We are taking over.

We are the saints.
We are the promised ones.
We are taking over.
With hearts like loaded guns.

We are the saints.
We are the promised ones.
We are taking over.
With hearts like loaded guns.

We are the saints.
We are the promised ones.
We are taking over.
With hearts like loaded guns.

We are the saints.
We are the promised ones.
We are taking over.
With hearts like loaded guns.
