

# Back In Time

## Pitbull feat. Chris Brown

I've got time to kill  
I'm not living for the moment anymore  
I don't wanna wake up  
I've got time to kill  
I'm not living for the future anymore  
I don't wanna wake, I don't wanna wake up  
She goes back in time  
She goes back in time  
She goes back in time  
Time, I wait for you  
Hibernating, hoping life will start again  
Petal in the water  
The days all seem the same  
I dream by day, I shut the light out, I escape  
I don't wanna wake, I don't wanna wake up  
She goes back in time  
  
She goes back in time  
She goes back in time  
She goes back in time  
She goes back in time  
Slumping backwards, I forget, I forget  
Time has wrapped its drowsy arms around my neck  
Don't wanna wake up, don't wanna wake up  
She goes back in time  
And back again  
And back again
