

# Need Air

## Loquat

There's a fat, dark, cloud, hangin' there.  
And it doesn't seem to want to go anywhere.  
What do you want me to do about it?  
I do have a plan, but you're not gonna like it.

[Chorus]

It's time to go, look for a change  
And I'll come back, to show you what I've seen.  
I just know, i cant stay here.  
Problems, they're getting everywhere.

If this was a race, who'd win or lose?  
It's time we start, the letter part.  
If you go left, then i guess, i'll go right.  
We'll see what we come up with when we meet tonight.

Is it bright enough?  
Is there space for us outside?  
Is it big enough?  
Is there room for me to hide?  
Can I bring the cat?  
Where can i put the car?  
Is it safe enough, to stumble from the dark?

Here are, my notes.  
Let me see yours.  
Don't say, it's hard, but it's no charmer.

[Chorus]

It's time to go, out for a change.  
It's time that we, deplead our energy.  
But is it too late, to be a fairy yet?  
If that's the truth, i'll be a butterfly.  
I just know, i can't stay here.  
The problems keep getting in my air.
