

# Marry Me

## Flip Grater

I have never seen the sun  
I've only ever had the light on  
Marry me  
Marry me I have never met a man  
With hands strong enough to hold my hand  
Marry me  
Marry me I never promised you a wife  
We say things we don't mean at night  
Marry me  
Marry me And I wanna sing about anything else but love  
I wanna sing about anything else but love  
I have never seen the sun  
I've only ever had the light on
