

Arrhythmia (Mike Rizzo Remix)

Kamaliya

ArrhythmiaBaby tonight I feel like making love
You take my world and wrap it round the stars
 You hit the perfect rhythm from the start
 And I just can't slow the beating of my heart
DJ you give me ArrhythmiaIf you wanna love with the light on
 Show me the switch and I'll hit it
 If you wanna get in a race now
 Show me the start and I'll win it
 Even when I am fading
 You keep on picking me back up
 You make it feel like an inner call
 You make it feel like a miracle
 You Wanted Love Simulated
 I'm like Electrical Fire
 And baby that's what I wanna feel
 when I'm Holding you
 Even when I am Falling
 You keep on picking me back up
 You make it feel like an inner call
 You make it feel like a miracle
