

Underground Killers

Incubus

They kill for a reason
Theyll strike anyone
Doesnt matter how old or young
Payem big cash, theyll giveem a slash
Explain how it should be done
A shot in the head
The man cut in half
Tortured till death
Youll never see him backCHORUS
Underground killers
They are everywhere
Killing for money
They dont care
Leaving their victims covered with blood
Underground killers
Will make a mess
Whose killing plans have been set
Murdering their victims without mercy
They promise to make it worse
Tellem their next mission
And theyll giveem death
Burn him alive
A high voltage jolt
A stab in the back
They pomise youll see him deadLEADSlay the victim to death
Dead bodies everywhere
Brutality is their authority
Killers are not afraid of death
