

Goodbye

Adamantium

Wish on a star
Watch it die
Trapped beneath the timeless sky
Every day the sun will riseI watch it fall and wonder why it died
Goodbye
I looked inside
I tried to changeBut it won't work
It's not the same
I looked inside
I made the changeBut it won't work
You're not the same
Why do we always play these games?
Subject ourselfe to so much painThere's always somewhere else to place the blame
It wasn't worth it in the end
I tried to forget what every promise meant
An empty statement bentForever comes to an end.
